*Nurses are at the heart of the matter...*

*With a focus on clinical practice, this one day event is based on Dr. Patricia Benner's work related to the journey of nurses from the levels of novice to expert. Through exemplars, nurses share their experiences and demonstrate evidence of their effect on the course of their patient's experience in the healthcare arena under their care. The exemplars also demonstrate the expertise of these nurses based on the clinical decisions they made and the care they gave. These nurses were nominated by FNA members as experts in clinical practice. They will share what they thought and felt about the clinical situation.*
