May 19-20, 2016

This year’s conference will focus on the importance of caring for oneself.

IPN/FNA Conference 2016 promises to be the most unique in recent history with a new venue and a new format. The one and a half day conference will certainly not be short on learning opportunities or fun! Thursday evening will feature a dynamic speaker, Dana Bowman, plus a health fair and live entertainment! Friday’s agenda is packed with great speakers, door prizes and networking opportunities. Please make plans to join us and our exhibitors for a fun-filled, educational experience at the beautiful World Golf Village in historic St. Augustine.

Guest Speaker Highlight: Dana Bowman

Dana Bowman is the author of the popular “Momsieblog.com.” Dana was asked by Central Recovery Press to write a book about moms in recovery; the result is Bottled: A Mom’s Guide to Early Recovery. “Poignant, hilarious, and instructive; filled with genuinely good guidance and laugh-out-loud moments,” says Dawn Nickel, PhD, Founder of She Recovers. Bottled chronicles the author’s path to recovery, from hitting bottom in the early months of sobriety - a blur of pain and chaos - to now, her few moments of peace. She is a long time English teacher and part-time professor at Bethany College, Kansas. In her spare time she is a wife, a mother, and a runner. Dana has been published in Substance.com, The Huffington Post, The After Party Magazine, The Fix, Today’s Christian Woman, Covenant Home Companion, and she continues to write her Momsieblog.

Speaker Highlights cont.

Linda Smith, ARNP, MN, M.Div., CAP, CARN-AP

Linda Smith has been the Chief Executive Officer of IPN since 1988. IPN has become a national model program for more than a dozen other states where similar programs have been developed. Linda is a respected speaker and is often called upon to speak on behalf of recovery and monitoring programs.

She is published in many peer reviewed journals, and has authored two Recovery Maintenance Workbooks for Nurses, which address issues specific to relapse prevention among nurses. In addition, she authored a companion guide for facilitators, and published a series of “Chat Cards” for use in Nurse Support Groups.

Penelope P. Ziegler, MD, FASAM

Dr. Penny Ziegler is the Medical Director and Chief Executive Officer of the Professionals Resource Network, Inc. (PRN). She has worked in the addiction field since 1985 and has been the Medical Director of the Virginia Health Practitioners’ Monitoring Program as well as several other treatment and monitoring programs. Dr. Ziegler is board certified in general and addiction psychiatry as well as addiction medicine and serves on the Board of Directors of the Federation of State Physician Health Programs. Dr. Ziegler will speak about the trauma a participant may incur when engaging in a monitoring program.

John Tanner, DO, DipABAM, FASAM, CCFC, MRO

Dr. John Tanner is the Medical Director of IPN and has served as medical director of addiction dual diagnosis programs or facilities and psychiatric hospitals almost continuously since 1985. He is ASAM certified, an ASAM Fellow, serves as Director at Large on the Board of Directors for ASAM, the Board of Directors for the Florida Society of Addiction Medicine and is an inaugural Diplomate of the American Board of Addiction Medicine.

Dr. Tanner is frequently called upon to lecture at the local and national level on addiction medicine, health professional impairment, Bipolar Affective Disorder, Major Depression, psychiatric comorbidities and Eating Disorders.
