For over 100 years, the Florida Nurses Association has been the only nursing organization representing ALL of nursing regardless of specialty or practice area. We speak on behalf of nursing in Tallahassee as well as before many regulatory bodies. We partner with other organizations that share our vision to create a unified nursing advocacy program for nurses in our state. We are a strong voice for the nurses of Florida fueled by the strength and commitment of the professional nurses who comprise our membership.

Be part of the legacy....

...Attend Lobby Days 2013

FNA Lobby Days is the opportunity for nurses to arm themselves with information on healthcare issues and review the pending legislation that relates to nurses and healthcare. Learn the fundamentals of lobbying, explore FNA legislative priorities, meet with legislators & agency secretaries, attend committee meetings & network with fellow politically active RNs and ARNPs.

"When we talk to lawmakers about the role nurses can play in healthcare, they respond by saying nurses should have attended medical school if they wanted to become doctors. Many legislators wrongly perceive nurses as assistants"

Willa Fuller, FNA Executive Director
FNA Lobby Days 2013 Setting the Record Straight
March 19-20 Residence Inn Tallahassee

Willa Fuller, FNA Executive Director

Lobby Days is an opportunity for nurses to fight for the health of the community & the future of nursing by advocating for their patients & their profession at the capital. Attendees of Lobby Days can choose to actively lobby by visiting their representatives and/or attend educational and networking sessions. Join us as we make the voice of nursing heard by Florida policy makers.

"It's time that we set the record straight: nursing and medicine are different but equally important to the health of Florida's citizens. Nurses have the education and experience to play key roles in patient centered health care teams."

Register early for Lobby Days and Receive a Discounted Price!
